Since 1927

For generations, Pastorelli has been bringing authentic Italian flavor to kitchens across America. Their legendary Italian Chef Pizza Sauce, crafted from a family recipe dating back to 1952, delivers the perfect blend of vine-ripened tomatoes, imported Pecorino Romano cheese, and extra-virgin olive oil. Whether you're creating a homemade pizza or a classic pasta dish, Pastorelli products help turn every meal into an Italian tradition.

**knows all things flour** Ardent Mills®

Ardent Mills understands the negative impact that inconsistency in your end product can have on your brand and reputation. That's why we work hard to provide high-quality, consistent flours that you can count on to perform the same in every batch. Our specialized knowledge of all things flour helps to ensure that you get exactly what you need, when you need it.

Our collection of traditional flours is available with variations in protein levels, ash content, and more. What never varies, however, is the quality of our grains. Whatever you're making, we can partner with you to help you consistently deliver your best – whether that's a pillowy soft hot dog bun, a hand-formed artisan baguette that strikes the perfect balance between crisp and tender, or a pizza crust so thin and bubbly Naples will take note.

At Ardent Mills, we deliver all things flour for your traditional baking and cooking needs.
